APPLICATION FOR AMENDED AUTHORITY TO PROVIDE
FACILITIES-BASED LOCAL TELECOMMUNICATIONS SERVICES

Pursuant to applicable Tennessee Statutes and the Rules and Regulations of the Tennessee Regulatory Authority and Section 253 of the Federal Telecommunications Act of 1996 (“Act”), OneStar Communications, LLC (“OneStar”) respectfully requests that the Tennessee Regulatory Authority (“TRA”) grant to OneStar authority to provide facilities-based local exchange telecommunications services, including exchange access telecommunications services, within the State of Tennessee. OneStar is willing and able to comply with all applicable rules and regulations in Tennessee pertaining to the provision of facilities-based competing local exchange telecommunications services.

In support of its Application, OneStar submits the following:

- 1. The full name and address of the Applicant is:**

OneStar Communications, LLC
7100 Eagle Crest Boulevard
Evansville, Indiana 47715
Telephone: (812) 437-7790
Facsimile: (812) 437-7988

Questions regarding this application should be directed to:

Laura Collier
OneStar Communications, LLC
7100 Eagle Crest Boulevard
Evansville, Indiana 47715
Telephone: (812) 437-7790
Facsimile: (812) 437-7988

1. Contact name and address at the Company is:

Ami M. Larrison, Director of Regulatory Affairs
OneStar Communications, LLC
7100 Eagle Crest Boulevard
Evansville, Indiana 47715
Telephone: (812) 437-7790
Facsimile: (812) 437-7988

2. Names and addresses of all officers in Tennessee.

The names and addresses of the Applicant's principal corporate officers and other senior managers responsible for Tennessee operations are listed in Attachment A of this application. At least initially, none of OneStar's corporate officers will be located in Tennessee.

3. Corporate Information.

OneStar Communications, LLC, is an Indiana Corporation, originally organized on December 21, 1992, as Telstar Communications, Inc. The name was changed in February, 1996, to OneStar Long Distance, Inc. OneStar Long Distance, Inc., subsequently formed OneStar Communications, LLC. A copy of OneStar's Articles of Incorporation are provided in Attachment B, and a copy of OneStar's Certificate of Authority to Transact Business in the State of Tennessee is provided in Attachment C.

4. Repair and Maintenance Information.

OneStar understands the importance of effective customer service for local and long distance service consumers. OneStar has made arrangements for its customers to call the Company at its toll-free customer service number. The correct toll-free number will be printed on the customers' monthly billing statements. In addition, customers may contact the Company in writing at the headquarters address.

5. Status of OneStar in other states.

OneStar, or its affiliate, OneStar Long Distance, Inc., is authorized to provide long distance service in all states except AK. OneStar, or its affiliate, is authorized to provide local exchange services in AL, CA, CT, DE, FL, GA, IN, IA, KY, ME, MA, MI, MN, NE, NH, NJ, NY, OH, OR, PA, RI, TN, VT, VA, WA, WV and WI.

6. Financial, Managerial and Technical Qualifications.

OneStar possesses the managerial, technical and financial ability to provide the requested telecommunications service in the State of Tennessee as demonstrated below.

6.A. Financial Qualifications

In support of its financial qualifications, OneStar Communications, LLC, highlights the following information:

OneStar Communications, LLC ("OneStar") has sufficient financial capability to provide the requested telecommunication services in Tennessee, the financial capability to maintain these services, and the financial capability to meet its lease and ownership obligations. Attached are the following financial documents to support OneStar's financial capability:

1. Statement of Financial Capability
2. Financial Statements:
 - a) Statement of Operations Combined (12/31/01)
 - b) Balance Sheet (12/31/01)
 - c) Pro Forma Balance Sheet, Income Statement, and Statement of Cash Flow for the 12 months ending 12/31/02

6.A. Financial Qualifications (continued)

Provide the cost of the proposed network, switches, or unbundled network elements.

The Company will utilize the ILEC's Unbundled Network Elements Platform (UNE-P). The UNE-P costs are a matter of public record in TN.

Provide details of the funding for the proposed network, equipment purchases, or payment for UNEs such as, a) internally generated funds (cash, marketable securities); (b) letters of credit; (c) loan commitments; (d) vendor credit; and (e) provide a three (3) year capital budget outlining the specific equipment to be deployed, where it will be deployed, and its cost. This should cover Tennessee operations, as well as the parent company (or whoever is responsible for financing the Tennessee operation). Also provide the sources of capital.

See attached Statement of Financial Capability.

Indicate whether financial statements reflect any amounts related to reciprocal compensation for terminating ISP traffic and quantify these amounts, if any.

As a UNE-P based Company, the Company will not receive reciprocal compensation for terminating ISP traffic.

6.B. Managerial Qualifications

As shown in Attachment E to this Application, OneStar has the managerial expertise to successfully operate a telecommunications enterprise in Tennessee. OneStar's key executives have extensive backgrounds in the telecommunications industry and possess the managerial qualifications required to provide local and long distance service.

6.C. Technical Qualifications

OneStar's services will satisfy the minimum standards established by the TRA. The Company presently files and maintains tariffs in the manner and form required of competitive local exchange and long distance telecommunications companies with which OneStar seeks to compete. OneStar will meet the minimum basic standards, including quality of service and billing standards required of all LECs regulated by the TRA. OneStar will comply with TRA rules, including Chapter 1220-4-8.

Location and deployment of Network

By utilizing the ILEC's UNE-P, the Company's network will mirror the ILEC's network.

Name of Engineers or Engineering Firm overseeing technical aspects of Network.

The Company will utilize the expertise of the ILEC, as well as its own in-house subject matter experts.

6.C. Technical Qualifications *continued*

Will Tennessee Customers be required to purchase CPE which cannot be used with ILEC systems should the customer decide to go back to the ILEC?

The Company will initially utilize the ILEC's UNE-P, therefore all CPE compatible with the Company's services will also be compatible with the ILEC's services.

List type of Facilities to be built in Tennessee.

The Company will utilize the ILEC's UNE-P. Where economically prudent, Applicant may also install its own facilities and equipment as warranted by demand. Applicant, however, has no immediate plan for constructing facilities in the State of Tennessee.

7. Proposed Service Area.

The applicant proposes to initially offer its services throughout the State of Tennessee in areas currently served by BellSouth. The Company may later expand into the territories served by Sprint (local division).

8. Types of Local Exchange Service to be provided.

OneStar expects to offer a broad variety of facilities-based local exchange services primarily to business customers in Tennessee. OneStar's initial line of UNE-P-based local services will be comparable to that currently offered by the Company under its local resale approach. Initially, OneStar plans to offer basic access line service, PBX and DID Services, Optional Calling Features, Directory Assistance, Directory Services, and Operator Services, as well as all services required under Chapter 1220-4-8-.04 (3)(b) and (c).

10. Customer Deposits

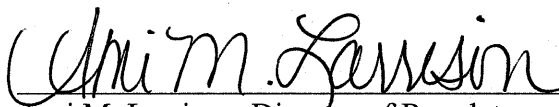

OneStar will require deposits under the conditions listed in the local tariff.

11. Statement of Compliance.

OneStar agrees to abide by all applicable statutes and all applicable orders, rules and regulations entered and adopted by the Tennessee Regulatory Authority.

Respectfully submitted this 14th day of October, 2002.

Respectfully submitted,
OneStar Communications, LLC

Dialing Parity Plan

OneStar Communications, Inc
IntraLATA Toll Dialing Parity Plan
For Tennessee

1. Purpose

The intent of this Plan is to provide a proposal that, upon implementation, would provide customers the ability to select the telecommunications carrier of their choice for routing their intraLATA toll calls.

OneStar utilizes the BellSouth network and will be following their established guidelines and procedures for implementation of intraLATA Parity of toll calls.

2. Implementation Date and Areas of Availability

Upon commencement of service, OneStar will offer 2-PIC service in all BellSouth states including Tennessee.

Availability in each exchange will be dependent on BellSouth.

3. Method of Selection Process and costs

OneStar will follow the 2-PIC strategy established by BellSouth. With the 2-PIC methodology, customers will be able to presubscribe to one telecommunications carrier for interLATA toll calls and presubscribe to the same or different carrier, including their existing local exchange company, for all intraLATA toll calls.

Existing Customers

OneStar employees will be trained to explain the process to customers for making PIC changes for intraLATA toll calls. They will be prepared to make changes in customer records based upon request from customers or carriers and direct customers to their chosen intraLATA carrier. Customers will remain with their current intraLATA carrier until they affirmatively choose an intraLATA toll carrier.

New Customers

Processes will be in place to provide new customers with an opportunity to choose their intraLATA toll carrier from a list of available carriers. Customers who do not choose a carrier for intraLATA toll calls will be identified as a "No-PIC" and will not be automatically defaulted to a carrier. Fees for PIC changes will be passed on to the customer at current pricing of \$1.49 for residential and business customers. No waiver will apply but customers will be able to change both interLATA and intraLATA PICs in the same transaction for no extra charge.

4. Customer Notifications

Customers will be advised the opportunity to choose an intraLATA toll carrier separate from their interLATA carrier at the time they place an order initiating service. They will also be advised that they may choose a carrier other than their local exchange carrier and that a list of available intraLATA toll carriers is available upon request from customer service. OneStar also believes that promotional material by other carriers will make customers aware of the choices available to them.

Cost Recovery

OneStar does not anticipate any charges from BellSouth to implement their Parity Plan and therefore will not be assessing the customer any additional charges.

Miscellaneous Items

Slamming - OneStar will be subject to rules relating to slamming as indicated in Tennessee Regulatory Authority Rule 1220-4-2-. 56, Sections (2) – (19) and 1220-4-2.58, Sections (1)-(16).

Nondiscriminatory Access – OneStar will follow the guidelines established by BellSouth for reseller customers as they relate to access of telephone numbers; operator assistance; directory assistance; and directory listings.

Rules – OneStar will fully comply with all rules and regulations set forth by the FCC and the TRA.

15 provided as Attachment E of the Company's application.

16
17 **Q. Where in Tennessee does OneStar intend to offer its services?**

18 A. OneStar intends to initially offer services in areas of the state served by BellSouth, but seeks
19 statewide authority for future applications.

20
21 **Q. How will Tennessee consumers benefit from OneStar's services?**

22 A. Certification of OneStar will increase the level of competition in Tennessee. OneStar intends
23 to offer quality service at competitive prices. In addition, OneStar's marketing plan will expand
24 subscriber awareness of options and services available to them, thus encouraging the growth and
25 success of competitive services.

1 **Q. Why is OneStar seeking facilities-based authority in Tennessee? Will OneStar use any**
2 **public rights-of-way?**

3 A. Initially, OneStar plans to utilize the incumbent's Unbundled Network Elements Platform
4 (UNE-P). Since OneStar has no immediate plans to deploy cable, it does not foresee using public
5 rights-of-way in the next year. However, OneStar does want the Commission's consent to use public
6 rights-of-way pursuant to applicable laws for possible future installations.

7
8 **Q. Does this conclude your testimony?**

9 A. Yes.
